

March 1, 2012

Club Registration Chair:

USA Swimming **Seasonal** Membership will be available beginning April 1, 2012. The form is posted on the Wisconsin Swimming web site if you need it.

If you are registering athletes with Team Manager or Business Manager for Windows use a "1" in the type of registration area; I have no guidance to offer you on Team Unify. You should continue to use "N" for those athletes who are registering for annual membership.

Your club may opt to not offer seasonal membership.

If you do offer seasonal membership, please remember:

Seasonal membership dates April 1 -August 26, 2012. These athletes must renew immediately at the beginning of your fall session--insurance coverage terminates on August 27.

Athlete may compete through State Championship level (**Athletes at Zone or National level must have annual membership**)

2012 Seasonal membership fee is \$39.00.

Seasonal applications cannot be processed before April 1, 2012. Cards will look the same as annual cards. Be sure to look at the expire date and your lists which will still be issued separately.

Please do not mail any applications after August 15. End of the year reports to National Headquarters will be in process. Materials for your 2013 registration packet will be posted at this time.

Please call if you have any questions.

Thanks for your cooperation and hard work during the first half of the 2012 registration season.

Sincerely,

Carol Graham

Surcharge for all athlete paper registrations (non electronic) is \$5 per athlete.
