Relay only swimmers should be included in your initial entry. Additional or alternate relay only swimmers may be added during the meet, but must be entered in the meet management office at least 30 minutes before the start of the session that they are scheduled to swim.

Time trials or relay lead-offs from this meet will not be accepted for proof of time. A swimmer with an outstanding proof of time may not compete in another individual event in the Meet and his/her team may not compete in relay events in the Meet until the swimmer provides the proof or pays the penalty. All proofs must be completed by the conclusion of Sunday's events. There will be no refunds for proofs after that time. Proof of time will be accepted at the meet management table in front of the glass office. Any Team with a swimmer owing a proof of time penalty for an individual event from this Meet may not enter a LSC sanctioned or approved Meet until the proof of time is paid.

Host will provide 2 timers per lane--one at each end. The timing system will consist of two buttons and 2 watches (automatic pads will not be used until the finish). Swimmers with challenged times that cannot be proved will be seeded into the slowest heat.

Ind. Scratch Rule:

Pre-seeded Events - Each swimmer shall report promptly to the starting blocks prior to the start of each race in which the swimmer is entered. Any swimmer not reporting for or competing in an individual timed final event shall not be penalized. Any swimmer not reporting for or competing in a preseeded preliminary heat when finals are scheduled shall not be penalized.

Positive Check in Events - Any swimmer entered in an individual event, who has checked in for the event, must swim the event. Failure to swim the event will result in the swimmer being banned from the next individual event in which the swimmer is entered on that day or the next day, whichever is first. No penalty shall apply for a failure to compete if the swimmer or the coach notifies the Deck Referee, prior to his/her assigned heat, of a Declared False Start. A Declared False Start is allowed in a Timed Finals event and the fastest heat swimming with Finals.

Relay Scratch Rule:

Pre-seeded Events - Any relay team entered in a pre-seeded event that fails to compete in or report for that event shall not be penalized.

Positive Check-in Events - Any relay team entered in a relay event with positive check in, that has checked in and swimmers' names declared for that event, must swim the event. No penalty shall apply for failure to compete if the relay team or coach notifies the Deck Referee, prior to the relay team's assigned heat, of a Declared False Start. A relay team member failing to appear ready to swim for the relay event shall be barred from his/her next individual event in which the swimmer is entered, on that day or the next Meet day, whichever is first. The relay team members who do appear ready to swim shall not be penalized for failure of other relay team members to appear. Exceptions for failure to compete – no penalty shall apply for failure to withdraw or to compete in a relay event if the Meet Referee is notified in the event of illness or injury and accepts the proof hereof, or the Meet Referee determines that failure to compete is caused by circumstances beyond the control of the swimmer. A Declared False Start is allowed in Timed Final events and the fastest heat swimming with Finals.

Scratching from Finals: Any swimmer qualifying for a consolation final or final race in an individual event who fails to compete in said consolation final or final race shall be barred from further competition for the remainder of the meet. Disqualification under this section shall only apply to swimmers qualifying based on the original preliminary results. In the event of withdrawal or barring of a swimmer from competition, the referee shall fill the consolation final or final when possible with the next qualified swimmer(s). Listed alternates shall be announced along with the final qualifiers. These alternates shall be based on original preliminary results prior to any scratches. These alternates shall not be penalized if not available to compete in the finals. When consolation finals have not yet been swum and a barring or withdrawal is known to the referee, the referee shall reseed the consolation final and final, if necessary, by inserting the alternate(s) in the appropriate lane(s), filling all lanes in finals. If a consolation final has been contested, the champion final shall be swum without reseeding for empty lanes.

Finals shall include those events in a prelim-finals competition but swum as timed finals, with the fastest heat swimming in finals. A swimmer who fails to compete in a timed finals event or in the fastest heat swimming with finals, and who has checked in for the positive check in event is barred from competing in the next individual event in which the swimmer is entered either on that day or on the next day, whichever is first. Swimmers must declare their intent to scratch within thirty (30) minutes after the initial posting of the individual event results. Swimmers must officially scratch within thirty (30) minutes after their last individual event of the day. Exceptions for failure to compete – no penalty shall apply for failure to withdraw or to compete in a relay event if the Meet Referee is notified in the event of illness or injury and accepts the proof hereof, or the Meet Referee determines that failure to compete is caused by circumstances beyond the control of the swimmer.
